Chennai, Tamil Nadu, India | +91-9363984548 | akashscontact7@gmail.com | linkedin.com/in/akash-suresh-53850a326 | github.com/AkashS-0107 | akashsuresh.me

PROFESSIONAL SUMMARY

AI/ML-track B.Tech engineer building full-stack web applications (React, TypeScript) and orchestrating AI-agent pipelines (Antigravity, Claude, ChatGPT, LM Studio, n8n) to ship tools fast, deployed via Vercel and Cloudflare. AWS-certified in Prompt Engineering, with hands-on exposure to Generative AI and Machine Learning through coursework and certifications. QA-minded contributor across team projects — finds edge cases before they ship, then polishes the UI layer. Hunting an internship to compile classroom fundamentals into production-grade reps.

TECHNICAL SKILLS

Languages: Python, TypeScript, JavaScript, HTML, CSS

Frontend: React.js, Vite, Tailwind CSS, Framer Motion

Design: Figma, Responsive Web Design, UI/UX

AI/ML: Generative AI, Machine Learning, Prompt Engineering (AWS-certified)

AI-Assisted Development: Antigravity, ChatGPT, Claude, LM Studio, n8n

Deployment: Vercel, Cloudflare

Tools: Git, GitHub, VS Code

INTERNSHIPS

Prompt Engineering Intern — Future Interns (Fellowship Program)

Jul 30 – Aug 30, 2026 (Ongoing)

AI Website Generation for Local Businesses

- Used AI prompting workflows to generate website concepts and interfaces for local businesses.
- Converted business requirements into structured website content, layouts, and UI concepts.

AI Content Marketing Using UGC Ads

- Built AI-assisted content workflows for user-generated-content (UGC) advertising.
- Developed prompts and workflows for marketing concepts, ad scripts, and promotional content.

AI SEO Blog & Content Cluster Development

- Built AI-assisted workflows for SEO-focused blogs and content clusters for business websites.
- Structured keyword-driven content covering topical coverage and search-oriented planning.

AI Web Development Intern — InAmigos Foundation

Aug 3 – Aug 16, 2026 (Ongoing)

- Developed responsive web interfaces using AI-assisted development workflows, focused on practical UI implementation.
- Rebuilt and refined the InAmigos Foundation website interface, improving visual hierarchy, responsiveness, navigation, and overall user experience.
- Designed an NGO website feature concept in Figma covering donations, volunteering, campaigns, impact showcase, and testimonials.
- Handled UI/UX improvements and production deployment, including troubleshooting routing and 404 errors.
- Converted design requirements into functional, responsive web interfaces across desktop and mobile.

PROJECTS

WorkSure — Blue-Collar Worker Verification Platform — Team Build

- Contributed to a trust-layer platform: worker verification, trust scores, ratings, employer dashboards.
- Reworked frontend UI for clarity and usability; ran QA sweeps across the platform to catch regressions before release.

Stack: React, TypeScript (frontend)

Repo: github.com/AkashS-0107/worksure-2.0

InAmigos Foundation — Website Redesign

- Rebuilt and redesigned the InAmigos Foundation website: improved visual hierarchy, responsiveness, navigation, and overall UX.
- Designed an NGO feature set in Figma (donations, volunteering, campaigns, testimonials) and shipped it to production, resolving deployment/routing issues.

Stack: AI-Assisted Development, Figma, Responsive Design

Repo: github.com/AkashS-0107/inamigos-foundation

CERTIFICATIONS

- Essentials of Prompt Engineering — AWS Training & Certification (Jul 2026)
- Foundations of Prompt Engineering — AWS Training & Certification (Jul 2026)
- Introduction to Operating Systems — NPTEL Elite, IIT Madras, 60% (Jul–Sep 2025)
- Introduction to Artificial Intelligence — Adobe Learning Manager (Jan 2026)
- MongoDB Basics for Students — MongoDB, Inc. (Apr 2026)
- THREX Hackathon — Gritscape x Zoho, Participant (Feb 2026)

LEADERSHIP & ACTIVITIES

Primary Cameraman & Editor — School Media Team

2022–2024

- Shot and edited video coverage for school events through to the end of school.

Volunteer — Anandam Old Age Home

Jun–Jul 2026

- Supported brand-related tasks including video editing, packing, and general operational work.

EDUCATION

B.Tech, Computer Science — AI & ML Specialization | SRM Institute of Science and Technology, Ramapuram Campus | Expected May 2028 |

CGPA: 7.10

Higher Secondary (12th): 64.33% | Secondary (10th): 73%
